Q1 Any regulation about similarity percentage?

A1 It depends on your department or institution, please contact your department office directly. There is no regulation from LIBRARY.

Q2 It results in high percentage score, what should I do next?

A2 Please discuss with your Advisor to modify texts, sentences or re-cite references. Turnitin may highlights some commonly-used words and phrases in your research filed, thus, you MUST discuss with your Advisor about suggestions for revision.

Q3 Can I re-submit a revised version?

A3 Yes, but please note that start from the 3rd submission, you'll have to wait 24 hours before a new similarity report can be generated. If class expired, please enroll a new class for submission.
Q4 When is the deadline date for similarity check?

A4 Please contact your department office for deadline information, some departments may require provide similarity report before applying oral defense.

Q5 Why isn't my Similarity Report available?

A5 Ensure your file is less than 400 pages, less than 40MB and is acceptable file type (P12). If the Similarity Report for your first submission is still pending after 24 hours, you may remove References, Table of Contents, images and graphs, leave texts and save as a new file for similarity check.

**Ensure that you’d save your original file for oral defense and graduation.**
Q6 It shows that my class was expired, what should I do?

A6 In order to manage accounts efficiently, LIBRARY has set for a end date of each class, you may refer to following options:
1) Re-submit: Please refer to P.G, enroll in a new class for submission.
2) Check previous report: You can login in an expired class to check/download similarity report by clicking color bar (with percentages), but you can not resubmit files in an expired class.
** DO NOT drop of all classes before graduation for any possible needs.

Q7 Who can apply for a class/instructor account?

A7 Only NCKU instructors (Prof./Teachers) can apply for a class/instructor account. Students please enroll in an active LIBRARY class for similarity check.
