Agenda

從投稿說起...

- 商業型期刊 Subscription Journal

作者**免費**投稿>>Peer review >>修改>>再投稿>>出版社接收稿件>> 作者確認定稿 >> 發表 >> 使用者**透過訂閱**使用全文

- 開放取用期刊 Open Access Journal

作者**付費**投稿>>Peer review >>修改>>再投稿>>出版社接收稿件>> 作者確認定稿 >> 發表 >> 使用者可**免費**使用全文

- Research Funding Policy >>Need OA

- Publisher change the Policy : OA Level from Journal to Article

- (Hybrid OA)Subscription Journal >>accept OA Article and use APC model

- Why predatory journal ?

開放取用 Open Access Journal的好處

- 增加文章的能見度、影響力和引用率
- 沒有訂閱要求，所有研究員都可充份利用研究的成果
- 預防重複性的研究
- 文章更被廣泛索引和更容易被查找
- 公開取用可以增加社會對科學和醫學研究的認知，促進科技創新
- 改善期刊的影響指數

傳統期刊出版與開放取用期刊出版比較

	傳統出版	開放取用出版
使用權	只供訂戶	無限制
讀者群	有限	無限/全球
授權	著作權法	<u>創用CC授權</u>
重複使用	不能	可以
付費方式	讀者或圖書館	文章作者/協會支助
頁面費 / 彩圖費	大部份有	一般沒有
頁碼(文章引用)	需要	沒有

編輯過程	相同
同儕評閱過程	相同
影響指數申請過程	相同

掠奪型期刊就在你身邊？

- 
- 收到不明期刊的邀請信，你會怎麼做？
 - 寫好的論文，到底該投到哪本期刊？
 - 你確定自己的研究心血，是投到正規的期刊嗎？

多數研究者都會收到來自期刊或學術出版商的邀稿信件，
但到底該如何判斷它們是不是所謂的低品質「掠奪性期刊」呢？

出處：臺灣學術倫理教育資源中心

掠奪型期刊的慣用手法

以下是一些掠奪性期刊的慣用手法，可作為研究者在投稿時的參考：

內容

- 收錄文章的領域異常寬廣
- 期刊名與收錄文章的領域不太一致
- 奇怪而且不低的 impact factor
- 期刊所屬領域和收件者本身的領域毫無關連
- 特別強調自己被收錄在某些著名的學術資料庫
- 期刊名與某一本正規期刊名很像，或特別冠上 International 字樣

收費

- 保證快速審查及刊登
- 在論文處理的過程中，以各種名目向作者收費
- 沒有清楚列出論文處理費用（article processing charges, APCs）

出版商

- 沒有提供主編的姓名，或提供假的主編資訊
- 沒有列出期刊或出版商辦公室的聯絡方式
- 期刊出版商的名稱通常有 United State (American)、Canada、Britain (British) 等字樣，但其實根本不是在這些國家合法註冊的出版商

《學術出版透明度原則》

<https://oaspa.org/principles-of-transparency-and-best-practice-in-scholarly-publishing/>

➤ 發起者

- The Committee on Publication Ethic (COPE , 國際出版倫理委員會)
- The Directory of Open Access Journals (DOAJ , 公開取用期刊指南)
- The Open Access Scholarly Publishers Association (OASPA , 開放取用學術出版者協會)
- The World Association of Medical Editors (WAME , 世界醫學編輯學會)

➤ 內容

- 規範了包括期刊網站、名稱、同儕評論過程、所有權及管理、主管機構、編輯群及聯絡資訊、版權及授權資訊、作者費用、識別及防止不當文獻發表的措施、出版倫理、出版時程、取用方式、過刊保存、收入來源、廣告、行銷活動等，對欲實施開放獲取學術出版的單位提供詳細依循準則。

Step 1. 檢視該出版社網站

- ✓ 有同儕審閱機制。
- ✓ 明確列出出版社與期刊名稱：有真實確切的地址（非僅列出郵政信箱號碼，地址可利用 Google Map 查看地址所在地情形）與聯絡資訊（有出版社專屬的 E-Mail 帳號而非個人私用帳號）。
- ✓ 有主編與編輯群姓名及其聯絡方式。
- ✓ 明確說明作者所應支付的文章處理費用。
- ✓ 網站與所有刊出文章中，皆有明確的版權宣告與授權條款。
- ✓ 聲明對所刊出不實文章的處置方式。
- ✓ 說明作者人格權與著作權問題。
- ✓ 要求作者聲明著作內容客觀公正與公開所接受資助經費來源，聲明編輯與審稿者立場中立公平並迴避相關利益衝突。
- ✓ 說明刊期與過期內容公開取用及典藏方式。
- ✓ 合宜的邀稿與行銷方式。

出處：臺大圖書館參考服務部落格(2017)。慎防「學術詐騙」停！看！聽！

Step 2. 利用相關目錄查證期刊相關資訊

- ✓ DOAJ：提供高品質並具有同儕審閱的OA期刊目錄與索引，可以藉此查證期刊刊名與出版社相關資訊，其審查標準詳見：Principles of Transparency and Best Practice in Scholarly Publishing，準則係根據前述 COPE、OASPA 相關組織制定，已除名的期刊也可於DOAJ的部落格查得訊息。
- ✓ Ulrichsweb：是全球性期刊書目資料庫，可查證期刊相關資訊。

Step 3. 利用相關名錄查詢期刊相關資訊

- ✓ COPE：網頁中會員查詢頁面，可以經由期刊名稱、出版社或主編姓名進行查證。
(COPE由全球超過一萬多名關注出版倫理的各領域學術期刊編輯者所組成)
- ✓ OASPA：網頁中的會員查詢可查證出版社資訊。
(OASPA由全球各地進行開放取用機制的出版社所組成，會員申請加入需符合該會嚴謹的審核條件)

出處：臺大圖書館參考服務部落格(2017)。慎防「學術詐騙」停！看！聽！

Step 4. 利用相關資料庫查證期刊品質

- ✓ 宣稱期刊有被資料庫所收錄，則可**直接進入該資料庫進行查證**，或至綜合性資料庫 Scopus、WOS 或個別學科資料庫如 Medline 等查證。
- ✓ 宣稱期刊有**Journal Citation Report (JCR)** 期刊排名與**影響係數 (Impact Factor)**，請進入**JCR**與Scopus資料庫查證。
- ✓ **Cabells**：提供上萬種學術期刊的出版主題領域、投稿難易度、投稿注意事項和時程資訊，並**提供掠奪型期刊清單**。

Step 5. 查證期刊主編或編輯

利用 ResearchGate、Google Scholar 或 Linkedin 查看其詳細資訊。

Step 6. 多方詢問查證

可詢問相關學科領域專家學者或圖書館對此出版社與期刊的了解情形。

出處：臺大圖書館參考服務部落格(2017)。慎防「學術詐騙」停！看！聽！

Think. Check. Submit <https://thinkchecksubmit.org/>

Think

Are you submitting your research to a trusted journal or publisher? Is it the right journal or book for your work?

Check

Use our check list to assess the journal or publisher.

Submit

Only if you can answer 'yes' to the questions on our check list.

您是否將研究成果提交給值得信賴的期刊或出版商？它是適合您工作的期刊或書籍嗎？

使用我們的清單來評估期刊或出版商。

僅當您對我們檢查清單上的問題回答“是”時。

Think. Check. Submit <https://thinkchecksubmit.org/>

你選擇的期刊合適嗎？

- 全世界發表越來越多的科研成果。
- 每週都有新的期刊推出。
- 有問題的出版機構也多了起來。
- 科研人員發表文章時，很難找到一個最新的指南說明他們選擇合適的期刊。
- 你怎麼確定選擇了合適的期刊呢？

Think. Check. Submit <https://thinkchecksubmit.org/>

依照此列表，檢查你選擇的期刊是否可信。

- 你或你的同事知道這本期刊嗎？
 - 以前讀過這本期刊發表的文章嗎？
 - 容易找到期刊的最新文章嗎？
- 容易找到出版機構的聯繫方式並聯繫上它嗎？
 - 出版機構的名稱是否清楚地顯示在期刊網站上？
 - 可以通過電話、郵件或信件聯繫上出版機構嗎？
- 期刊網站是否清楚地聲明同行評議的類型？
- 期刊文章是否被知名資料庫索引？
- 期刊網站是否清楚地聲明了向作者收取的費用？
 - 期刊網站是否解釋了向作者收取費用的明細，以及何時收取？

檢查

Think. Check. Submit <https://thinkchecksubmit.org/>

依照此列表，檢查你選擇的期刊是否可信。

- 你認識期刊的編委會成員嗎？
 - 你聽說過期刊的編委會成員嗎？
 - 期刊編委會成員是否在他們的個人網站上提及該期刊？
- 出版機構是學術出版行業知名組織的成員嗎？
 - 期刊是學術出版道德委員會(COPE)的成員嗎？
 - 如果期刊是開放獲取的，它被DOAJ收錄了嗎？
 - 如果期刊是開放獲取的，它是開放獲取學術出版機構(OASPA)的成員嗎？
 - 如果期刊是孟加拉、尼泊爾、斯里蘭卡、中美洲或蒙古的，它在 International Network for the Availability of Scientific Publications (INASP) 的Journals Online平臺上嗎？如果期刊是非洲的，它在African Journals Online (AJOL) 平臺上嗎？
 - 出版機構是其他貿易協會的成員嗎？

檢查

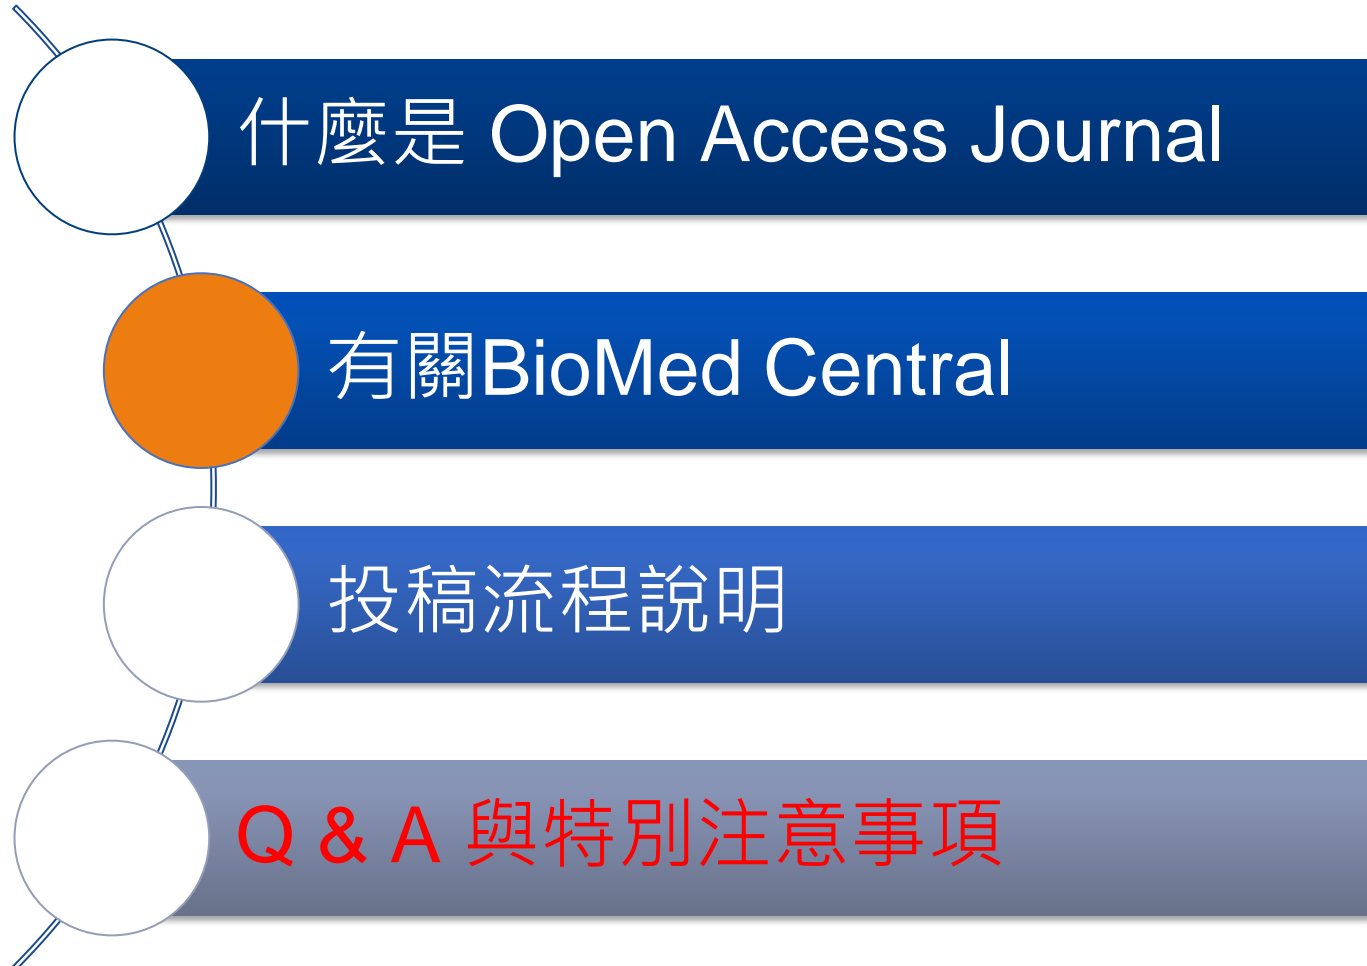

Think. Check. Submit <https://thinkchecksubmit.org/>

如果你對列表中的大多數問題回答“是”，再投稿。

- 期刊在業界有好的口碑，能鞏固你的名譽，確保文章被引用。
- 選擇合適的期刊發表文章，可豐富你的簡歷，幫助你在科研之路上更進一步。
- 你的文章應被資料庫索引或儲存，容易被讀者發現。
- 你的文章有專業的審稿人審閱，專業的編輯處理。
- 只有符合以上標準時，你才能投稿。

Agenda

有關 BioMed Central / SpringerOpen

- 最大的同儕評閱開放取用期刊出版商之一
- 第一本開放取用期刊於2000推出
-  **OpenRepository** **機構典藏庫** 在2006推出
- **Chemistry Central** 化學領域期刊在2006推出
- 2008年成為Springer的一部分
- 至今出版 300+ 本開放取用期刊, 超過160本期刊被收錄於 Thomson Reuters (ISI) , 並具影響指數
- 已出版 >240,000 篇同儕評閱(Peer Review)的開放取用文章 (包含Chemistry Central and Springer Open)

全球每月有超過7百萬讀者

BMC journals

A pioneer of open access publishing

300 +
Journals

- An evolving portfolio of high quality peer-reviewed journals
- Including broad interest titles such as BMC Biology and BMC Medicine
- Expanding beyond biomedicine into the physical sciences, mathematics and engineering disciplines
- The BMC series is a collection of high-quality, peer-reviewed journals covering all scientific and clinical disciplines, focusing on the needs of the research communities which they serve.

Highlights

Springer and SpringerOpen

200+
SpringerOpen
fully
OA Journals

- Springer has one of the strongest STM and HSS eBook collections and archives, as well as a comprehensive range of hybrid and fully open access journals
- SpringerOpen offers researchers from STM and HSS a place to publish open access in journals and books.

1900+
Open Choice
hybrid journals

Highlights

Provides an interdisciplinary forum for communication of scientific and technological advances in the creation and use of objects at the nanometer scale.

This book presents the deterministic view of quantum mechanics developed by Nobel Laureate Gerard 't Hooft.

Find the right journal

Tips to get started

Submitting a manuscript to unsuitable journals is a common mistake, and can cause journal editors to reject the manuscript before peer review. Choosing a relevant journal makes it more likely that your manuscript will be accepted. Some factors to consider are:

- The topics the journal publishes. If your research is applied, target a journal that publishes applied science; if it is clinical, target a clinical journal; if it is basic research, target a journal that publishes basic research. You may find it easier to browse a list of journals by [subject area](#).
- The journal's audience. Will researchers in related fields be interested in your study? If so, a journal that covers a broad range of topics may be best. If only researchers in

- Accelerates understanding and acceptance of the research
- Increases the faith of readers in the quality of the research
- Poorly written and complicated manuscripts annoy readers, peer reviewers, editors, and hinder their understanding of complicated scientific concepts

Professional editing services

Presenting your work in a well-structured manuscript and in well-written English gives it its best chance for editors and reviewers to understand it and evaluate it. Many researchers find that getting some independent support helps them present their work in the best possible light. The experts at Springer Nature Author Service provide assistance with manuscript preparation—including **English language editing, development of abstracts, comments, manuscript formatting, figure preparation, translation,**

Abstract

Background

Human triple-negative breast cancer has limited therapeutic choices. Breast tumor cells have depolarized plasma membrane potential. Using this unique electrical property, we aim to develop an effective selective killing of triple-negative breast cancer.

Submission guidelines

Our 3-step submission process

1. Before you submit

Now you've identified a journal to submit to, there are a few things you should be familiar with before you submit.

Make sure you are submitting to the most suitable journal - [Aims and scope](#)

Understand the costs and funding options - [Fees and funding](#)

Make sure your manuscript is accurate and readable - [Language editing services](#)

Understand the copyright agreement - [Copyright](#)

Submission guidelines

Our 3-step submission process

2. Ready to submit

To give your manuscript the best chance of publication, follow these policies and formatting guidelines.

Check the quality of your writing - [Free Language check](#)

General formatting rules for all article types - [Preparing your manuscript](#)

Make sure your submission is complete - [Prepare supporting information](#)

Copyright and license agreement - [Conditions of publication](#)

Read and agree to our Editorial Policies - [Editorial policies](#)

Submission guidelines

Our 3-step submission process

3. Submit and promote

After acceptance, we provide support so your article gains maximum impact in the scientific community and beyond.

Please note that manuscript can only be submitted by an author of the manuscript and may not be submitted by a third party.

Who decides whether my work will be accepted? - [Peer-review policy](#)

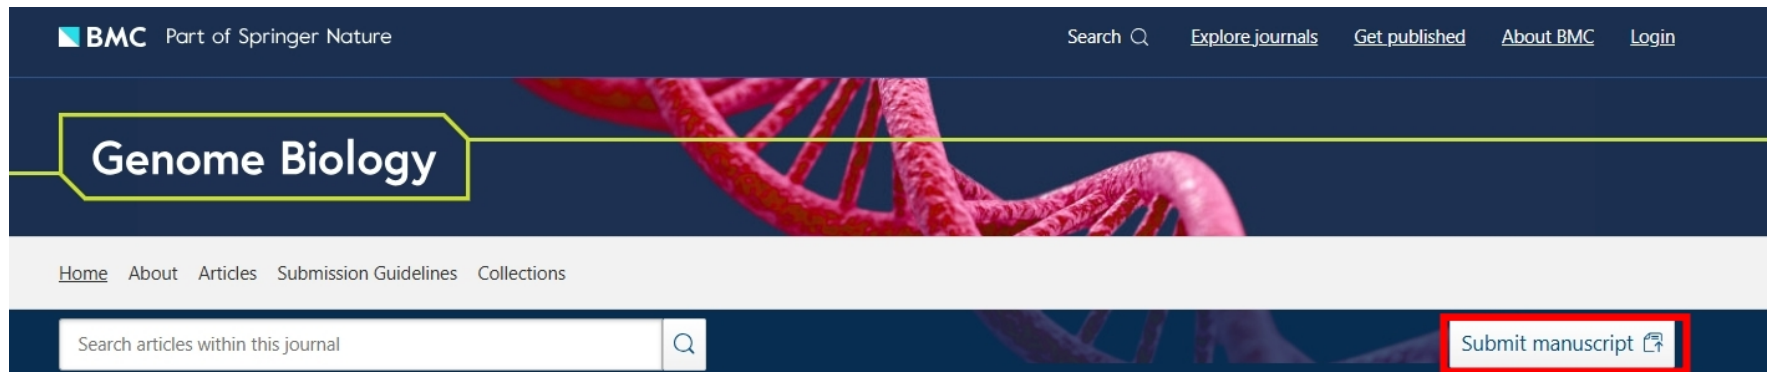

Want to submit to a different journal? - [Manuscript transfers](#)

Spreading the word - [Promoting your publication](#)

Check that your manuscript has been prepared according to the [journal guidelines \(opens in a new window\)](#) or your submission may not meet our technical checks.

Instructions

It's best if your manuscript — including all text, figures and tables — is in one file.

Upload your manuscript in an editable format for peer review (maximum 2GB). This will be either:

- a Word document with figures and tables placed in the body of the text where they are referenced
- LaTeX documents with figures and tables compressed into a .zip format. We will compile these into a PDF for peer review.

We will try to fill in some form fields using the information you provide in your manuscript.

Abstract

This is the abstract seen by potential reviewers. It must match the abstract as it appears in your manuscript file.

Cover letter

Provide a cover letter outlining your research. The cover letter should briefly discuss the context and importance of the submitted work and why it is appropriate for the journal.

Upload cover letter

Affiliated institutions

Add the institutions that your manuscript's authors are affiliated with. Once they have been added here, you can match the institution to authors below.

Only two affiliated institutions can currently be included per author.

Institution name

再次提醒！！！！
一定要選學校名稱

Funding (optional)

Please add the funder(s) of the research described in this manuscript, and the associated grant reference numbers.

Funder name (E.g. UK Space Agency)

Grant ID

Save funding information

Author Contributions Statement 作者貢獻聲明

Authorship provides credit for a researcher's contributions to a study and carries accountability. Use this section to specify how authors contributed to the manuscript.

[Our authorship policy for BMC \(opens in a new window\)](#) provides guidance and criteria for authorship.

This replaces any statement written within the manuscript and is the one that we will publish.

Use initials to refer to each author's contribution, and specify who did what. For example, "A.B. and C.D. wrote the main manuscript text and E.F. prepared figures 1–3. All authors reviewed the manuscript."

聲明：《基因組生物學》是一本開放取用期刊，對接受發表的文章收取文章處理費 (APC)。

Open access

Genome Biology is an open access journal that levies an article processing charge (APC) for articles accepted for publication. [View the article processing charges \(APC\) for this journal \(opens in a new window\)](#).

If your article is accepted you will need to pay the APC. You have some options to help you with the cost.

- The APC for your article may be covered by one of Springer Nature's fully open access agreements or by a journal partner. We will check this for you if your article is accepted for publication.
- If your research is funded by a grant, check with your research funder to see if you already have funds for APC in your grant.
- Springer Nature can help you look for funding to pay an APC.

Read more about getting help with APCs in our [guide to funding and support services \(opens in a new window\)](#).

› [Discounts or waivers in cases of financial hardship or if you are from a low or lower-middle-income country](#)

☐ By submitting my article I agree to pay the APC in full if my article is accepted for publication (unless it is covered by an institutional agreement or journal partner, or a full waiver has been granted).

利益競爭政策說明

Competing interests policy

BMC requires authors to declare any competing financial and/or non-financial interests in relation to the work described. The corresponding author is responsible for submitting a competing interests' statement on behalf of all authors of the paper. Please familiarise yourself with our [competing interests policy \(opens in a new window\)](#) before checking the appropriate box below.

This replaces any statement written within the manuscript and is the one that we will publish.

Do you have any competing financial and/or non-financial interests?

- ☐ No, I declare that the authors have no competing interests as defined by BMC, or other interests that might be perceived to influence the results and/or discussion reported in this paper.
- ☐ Yes, the authors have competing interests as defined by BMC, or other interests that might be perceived to influence the results and/or discussion reported in this paper.

雙重出版

本稿件中的結果/數據/圖表是否已發表或正在考慮在其他地方發表？

Dual publication

Have the results/data/figures in this manuscript been published or are they under consideration for publication elsewhere?

- ☐ No, the results/data/figures in this manuscript have not been published elsewhere, nor are they under consideration (from you or one of your Contributing Authors) by another publisher.
- ☐ Yes, some portion of the results/data/figures in this manuscript have been published or are under consideration for publication elsewhere.
-

Authorship

You must ensure you have read [BMC journal policies on author responsibilities \(opens in a new window\)](#).

- ☐ I confirm the corresponding author has read the journal policies and submit this manuscript in accordance with those policies.

Third Party 材料確認

Third party material

Any material in your manuscript that is not the original work of the authors may be protected by copyright and may require permission to publish. This includes any material used from previously published:

- figures,
- images, and/or
- supplementary material.

Does your manuscript contain any material from third parties?

- ☐ No, all of the material is owned by the authors and/or no permissions are required.
- ☐ Yes, the manuscript contains third party material and obtained permissions are available on request by the Publisher.

Data availability 數據可用性

Describe how and where we can access the research data supporting the results of your manuscript. Include (where applicable) links to the data set or accession number. Use only full URL strings, not embedded links.

Do you have any research data declarations to make?

- ☐ No/Not applicable (this manuscript does not report data generation or analysis).
- ☐ Yes, I have research data to declare.

致謝

Acknowledgements (optional)

Acknowledge anyone who contributed towards the article that does not meet the criteria for authorship, including anyone who gave professional writing services or materials.

Make sure you get permission from those mentioned in the acknowledgements section.

See our [editorial policies \(opens in a new window\)](#) for a full explanation of acknowledgements and authorship criteria.

This replaces any statement written within the manuscript and is the one that we will publish.

If you do not have anyone to acknowledge, leave it blank.

Declare whether any of your content includes third party material

Data Availability

Declare whether you have any data availability

是否同意以Preprint方式分享您的投稿

Share your work as a preprint (optional)

Springer Nature and Research Square are partnering to provide a free preprinting service to all authors. [Learn more about In Review](#).  (opens in a new window)

- Preprints are assigned a DOI and posted openly online on [Research Square](#). 
- This process establishes the priority of your findings over competing findings that have not yet been publicly shared.
- Preprints remain permanently available, enabling collaboration, citation, and community feedback.
- Your preprint will show where your manuscript is under consideration and allow others to track its status.
- If your submission is subsequently published, the preprint will link to the final journal article.

By opting in you agree:

- your manuscript and associated personal data will be shared with our partner Research Square for posting as a preprint. For more information on how we use your personal data, please see Springer Nature's [privacy policy](#). 
- to grant Research Square the right to post your manuscript publicly and permanently as a preprint under a [CC-BY License Agreement 4.0](#) 
- that all authors are aware and have agreed to posting the submission as a preprint.
- to Research Square's [terms of service](#). 

In Review is an optional service and is not required for your manuscript to be considered by the journal for publication.

- ☐ Yes, all authors agree to post this work as a preprint on Research Square
- ☐ No, we don't want to post our work as a preprint at this time

BMC OA期刊論文發表補助

知識服務組 | ☎ 06-2757575 轉 65787 | ✉

服務宗旨

本館為積極支持開放取用(Open Access)，自104年7月起付費加入全球第一家開放取用出版社BMC之機構會員服務，以促使本校研究人員經同儕評閱的生物醫學研究成果廣泛傳播。

服務內容

成大師生投稿BioMed Central、SpringerOpen資料庫中各領域近600種Open Access期刊，發表文章享85折優惠！(文章處理費Article Processing Charge: 15% off)，並可將論文呈現在會員專屬網頁，增加本校研究成果的能見度，歡迎全校師生踴躍投稿於BMC所屬期刊。

BMC OA認定標準(以通訊作者為主)

1. 投稿機構為：National Cheng Kung University (Hospital亦可)
2. 使用學校E-Mail投稿

常見問答

Q1. 要怎麼知道我的期刊是新平台還是舊平台？

請參考一下新舊平台投影片裡面的截圖，藉由比對平台介面應可判斷是哪一種。

Q2: 我如果一開始不確定我有沒有選擇成大的會員折扣怎麼辦？

A2: 首先要先確認您的期刊是新平台或舊平台；由於目前新平台是在被接受後才確認會員身分，只要您投稿時符合認定標準的三項之一，文章被接受後就會自動被送來圖書館管理端，由館員查核身分，不用擔心沒有套用到折扣。但如果您的期刊是在舊平台上，需要請您在投稿7天內填寫[問題協助表格](#)寄給圖書館，由原廠協助查詢文章狀況 (舊平台文章若被接受了才想修改會員資格，有可能無法成功，請留意時程)。

相關連結

1. 投稿問題協助表格：[表格下載](#)
2. Open Access Journals清單：[BioMed Central](#)、[SpringerOpen](#)
3. [Article processing charges \(APCs\)簡介及FAQ](#)
4. [Article processing charges \(APCs\)查詢網址](#) (僅限查詢金額，表格中亦包含非折扣之期刊)
5. [舊平台說明投影片](#) (2022/10/17 版)
6. [新平台說明投影片](#) (2023/3/29 版)、[新平台操作範本](#)

溫馨提醒

- 投稿系統中，包含三種不同的作者角色：
 - 第一作者（必須是成大教職員生）
 - 通訊作者（必須是成大教職員生，稿作Review的過程中，為**主要連繫人**）
 - 投稿作者（必須是成大教職員生，也是最後要付款的連繫人）
（email 填寫，需為學校/醫院提供的mail）
