About IOP Publishing

- A scientific publishing company wholly owned by the Institute of Physics
- Provide publishing services to other societies and research institutes
- A society publisher embedded in the community we serve
- Mission: to deliver **impact, recognition and value** to the scientific community
- Publisher of >100 physical science journals
- eBooks programme
- Conference proceedings
- Award-winning science journalism (including *Physics World*)
- **iopscience.iop.org**

Congratulations on unlocking open access publishing for your authors

The Physics Research Promotion Centre, which is part of the National Science and Technology Council (NSTC) and IOP Publishing have signed a transformative agreement on behalf of participating universities in Taiwan to facilitate open access publishing.

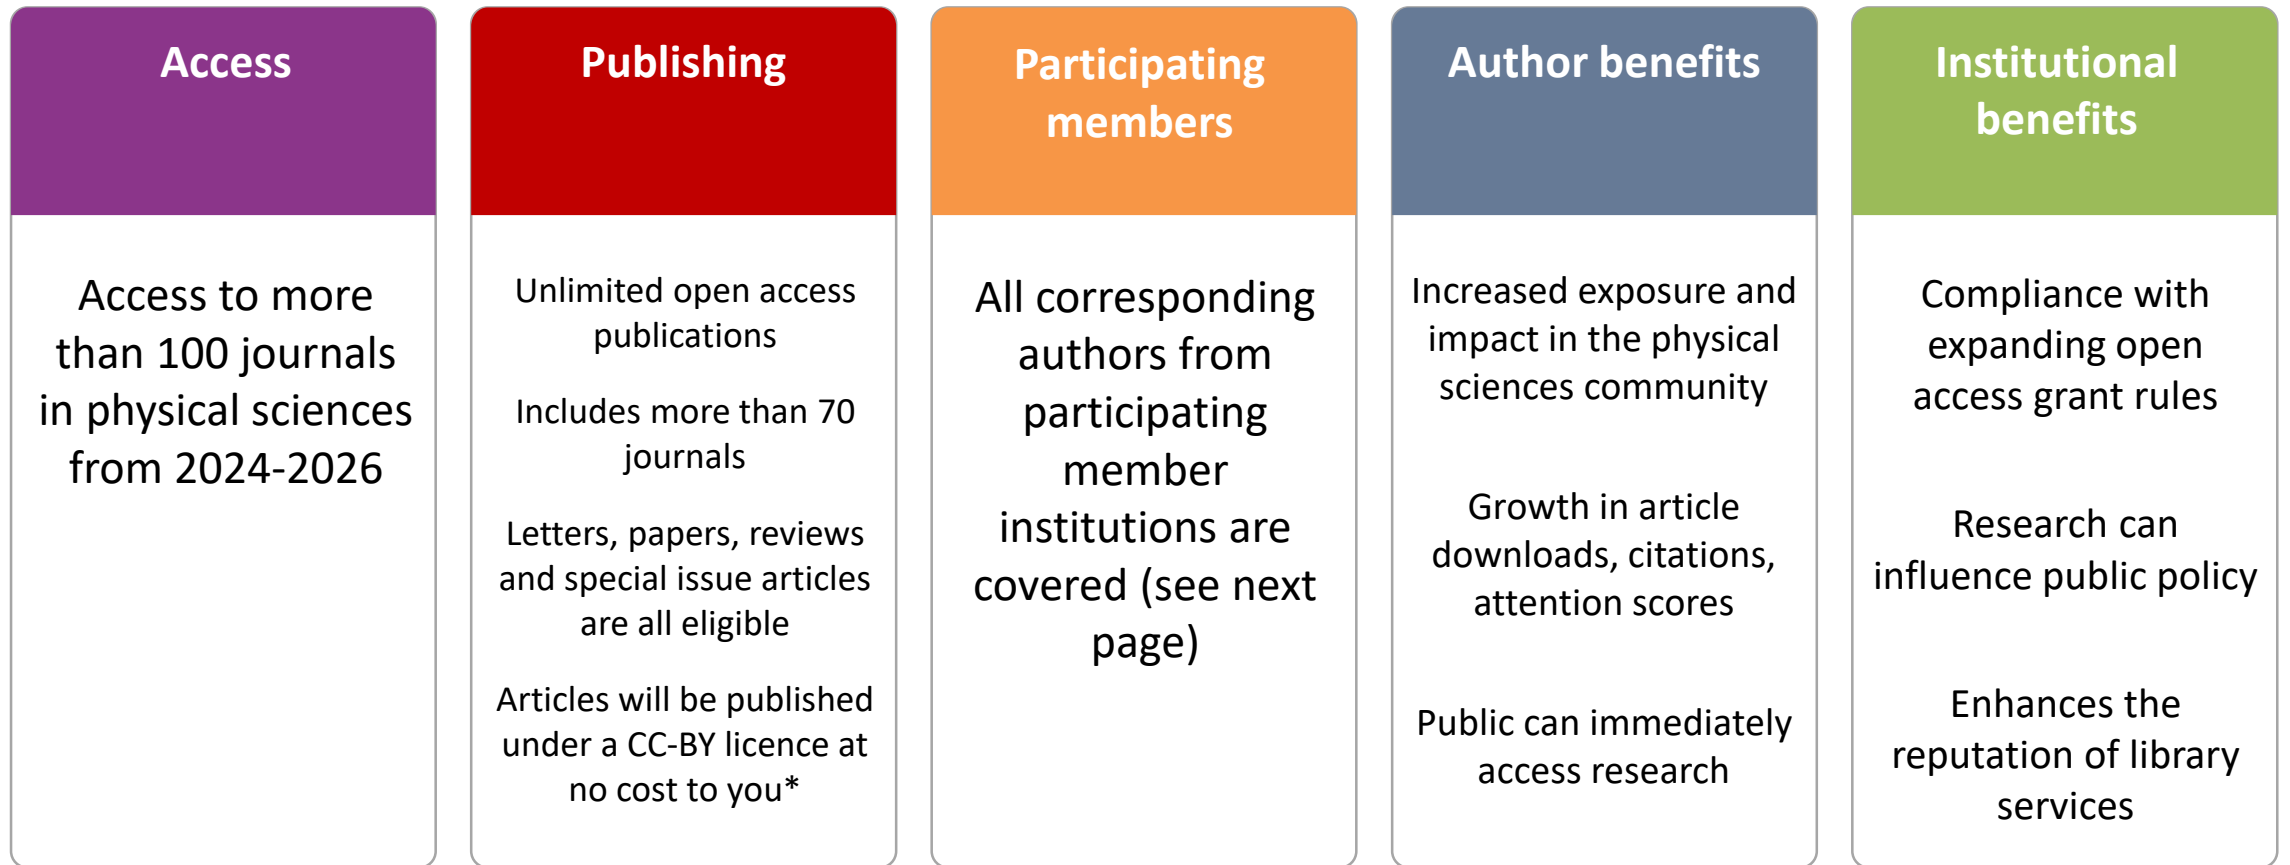

Your library is participating in this agreement, meaning that readers at your institution will be able to access to more than 100 journals in physical sciences, as well as research accepted for publication by corresponding authors at your institution will be published on an open access basis.

What's included in your transformative agreement?

- ✓ Continued read access to all content in IOPscience extra at iopscience.org
- ✓ Unlimited open access publications for all corresponding authors from member institutions
- ✓ Publish in more than 70 journals; fully open access, hybrid titles and partner publications
- ✓ Letters, papers, reviews and special issue articles are all eligible
- ✓ No administration required by researchers or library staff

Key benefits:

* For a small number of journals there may be additional costs for colour images or page charges, which remain payable by the corresponding author.

Participating member institutions

- Academia Sinica
- Chung Yuan Christian University
- National Central University
- National Changhua University of Education
- National Cheng Kung University
- National Chengchi University
- National Chung Cheng University
- National Chung Hsing University
- National Dong Hwa University
- National Sun Yat-sen University
- National Synchrotron Radiation Research Center
- National Taiwan Normal University
- National Taiwan Ocean University
- National Taiwan University
- National Taiwan University of Science & Technology
- National Tsing Hua University
- National Yang Ming Chiao Tung University
- Soochow University
- Tamkang University
- Tunghai University

How to publish under an agreement

It's as simple as this:

How to publish under the agreement

- We identify that articles are eligible using the affiliation of the corresponding author
- To be eligible, the article should be accepted within the licence term
- During the peer-review process, or shortly after acceptance we will write to the corresponding author to let them know we will publish the article open access
- Articles are automatically opted in to open access. Although the author can still opt out, this is very rare.

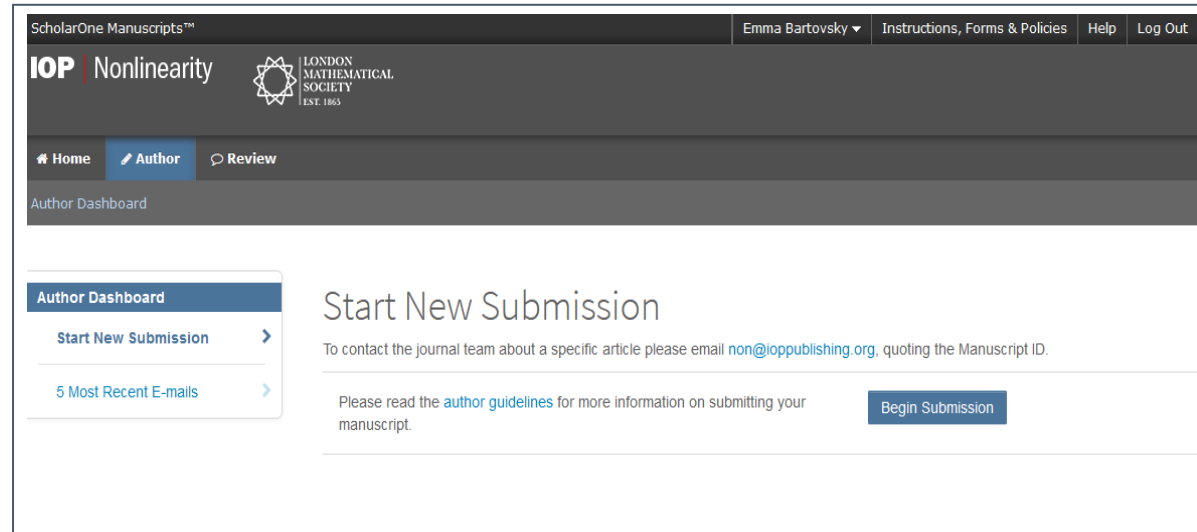

The corresponding author is the one that submits the manuscript, and is responsible for communicating with the journal during the submission, peer review and publication process.

Author Guide

When ready to start the submission, follow steps 1-4 on our submission system; **ScholarOne**.

TA author guide

The submission process will vary on some of our society partner journals.

Providing author information

Step 4: Author Information

Please enter information for **all** co-authors, ensuring names, emails and affiliations are accurate. **Changes to author lists after submission are only made in exceptional circumstances and are subject to approval by editorial staff.**

More advice and support on [adding author information](#) is available, including [who should be listed as a co-author](#), how to check if your co-author already has an account, and guidance for names with Chinese, Korean or Japanese characters.

Please do not share your login details with co-authors, who will receive their own login information if they do not already have accounts with the journal.

*For papers with more than ten authors, please add information for the first ten authors.

* = Required Fields

Open Researcher and Contributor ID (ORCID) is a non-profit organization dedicated to solving the long-standing name ambiguity problem in scholarly communication by creating a central registry of unique identifiers for individual researchers and an open, transparent linking mechanism between ORCID and other current author identifier schemes. To learn more about ORCID, please visit <http://orcid.org/content/initiative>

Create an ORCID ID
Associate your existing ORCID ID

The corresponding (submitting) author will need to make sure their affiliation is clearly stated on the submission form (**use the autofill**) and on the article itself.

* Selected Authors ⓘ

ORDER	ACTIONS	AUTHOR	INSTITUTION

Declaring funding

Step 6: Policies & Information

The journal to which you are submitting your manuscript employs a plagiarism detection system. By submitting your manuscript to this journal you accept that your manuscript may be screened for plagiarism against previously published works.

Enter or paste your cover letter text into the 'Cover Letter' box below. Answer any remaining questions appropriately. When you are finished, click 'Save and Continue'.

* = Required Fields

Cover Letter

Step 7: Review & Submit	>

Open Access

This journal gives you the option to publish your article on an [open access basis](#) under a [CC BY licence](#).

Why choose open access?

- Open access articles are accessible to subscribers and non-subscribers, maximising visibility.
- Open access articles are downloaded and cited more frequently than non-open access articles on average.
- Open access publication may enable you to comply with certain funder policies.

Open Access Pricing

An article publication charge (APC) applies if you choose open access and your article is accepted for publication following independent peer review. You can visit our [paying for open access](#) pages or ask your institution/funder to see if financial support is available for open access publication.

Authors based in countries categorised by the World Bank as low income can publish open access in this journal with no APC. Eligible low-income countries (Group A) are listed on this [page](#).

Will my institution pay my fees?

We have open access agreements with institutions and funders that may cover applicable APCs at no cost to you. To see if your institution has an agreement that covers this journal, please check via our [website](#) or with your librarian. Whichever option you choose below, IOP Publishing will investigate whether you are eligible for funding and if we identify that you are, we will contact you to let you know.

* Do you wish to choose open access for your article?

Please supply the relevant detail to qualify for discounted rates.

Open Access Choice	Additional
<input type="radio"/> No. I do not wish to choose open access (your article will be accessible to subscribers only)	
<input type="radio"/> Yes: I acknowledge that there is an article publication charge payable if my article is accepted (unless all authors are based in low-income countries).	
<input type="radio"/> Yes: I acknowledge that there is an article publication charge payable if my article is accepted, and I will claim a reviewer discount of 10%. Enter the ID of the IOP Publishing article you have reviewed.	<input type="text"/>

Whichever OA option is chosen, IOP will always identify whether an article is eligible for the TA.

Keeping authors updated

Funding via your library may be available

IOP Publishing

Dear Example Salutation,

Re:Example Article

Article reference: *Example Article Id*

IOP Publishing and your institution/funder have an open access agreement that promotes sustainable open access and may cover the article publication charge (APC) for your paper in *Example Journal1*.

We have therefore made your article open access to take advantage of this agreement. It will be published with a CC-BY licence. Please choose the Gold Open Access option when completing your Assignment of Copyright form.

If you do not want to publish your article open access, you will need to opt out prior to acceptance by notifying openaccesscharging@iopublishing.org.

Visit our [Open Physics](#) website to learn more about the ways we are supporting open access to enable wider and faster access to physical sciences research.

Common questions

[What is an open access agreement?](#)

[What is my institution or funder's open access policy?](#)

[What is a hybrid journal?](#)

[Where can I learn more about copyright?](#)

Please inform openaccesscharging@iopublishing.org if you believe you have received this message in error.

Yours sincerely,

Transformative Agreement team

[IOP Publishing](#)

openaccesscharging@iopublishing.org

After the first round of peer review, we identify eligible articles.

We'll email the corresponding author informing them of their inclusion in the agreement.

The subject line will be: 'Open access options for your article: article ID'

No opt-in action is needed.

Signing copyright

The author will be asked to sign an open access copyright form and once the article is accepted it will be published open access under the terms of the institutional agreement.

Identification

- Identification is always based on corresponding (submitting) author
- We use historic submission data to inform the identification process
- Automatic - authors do not need to do anything
- We proactively sweep for missed opportunities
- Articles can be made OA retrospectively, as and when they come up – authors have to agree
- Wherever possible we make librarians aware of author opt-outs in real time

Reporting

- Quarterly reporting to PRPC
- Full list of included articles and key metadata
- Author, Title, Journal, DOI, Accept date, Funder (if provided) etc...

轉換協議

IOP Publishing

您值得信賴的轉換協議合作夥伴

我們深知向開放取用轉變，對圖書館工作人員和作者而言，意味著重大變革。透過與數百名圖書館管理員和機構，一起經歷這一過程，我們已充分具備支援您實現這一轉變的能力。

2014年，IOPP 與奧地利簽署了世界上第一個開放取用協定，自此之後我們始終致力於拓展開放取用的版圖。目前，我們支持來自 33 個國家的 900 多個機構，透過轉換協議 (Transformative Agreement)，開放其研究成果。

以下是我們可以提供的幫助，以使您的協議切實取得成效：

- 提供圖書館宣傳相關資源，以幫助您在機構內推廣此一協議。
- 為正在經歷出版流程的作者提供指導，提供步驟詳細的轉換協定投稿指南。
- 為機構的作者和圖書館員提供教育訓練，以使其更詳細地瞭解流程。
- 在協議有效期內，向機構的研究人員，提供開放取用出版的宣傳活動。

IOPP 提供了一個強大且集中的工作流程，可在幕後識別符合轉換協議條件的論文。您的作者無需額外做任何事情，即可參與其中。

流程簡章，如下所示：

請訪問 publishingsupport.iop.org 了解關於轉換協定的更多資訊。

IOP Publishing

IOP Publishing 與國科會物理研究推動中心 (PRPC) 已經達成了轉換協議，自 2024 年起，PRPC 20 個聯盟成員可以：

- 無需支付文章出版費 (Article publication charge)，以金色開放獲取 (Gold open access) 模式出版論文
- 訪問超過 100 種物理及相關學科的學術期刊

請查看我們的出版支持網站，獲取更多信息：

轉換協議的四個迷思

by Daniel Keirs
Head of Journal Strategy and Performance

iopublishing.org/open-physics

越來越普遍的一種提供開放取用出版的方式，是通過轉換協定 (TAs)。這些出版商與大學之間簽訂合約，將文章出版費 (APCs) 合併到訂閱協議中，同時符合開放取用資助機構的要求。

轉換協議使研究人員能夠在不必自費支付 APC 的情況下，將其研究成果以開放取用形式發表。儘管開放取用出版的益處令人信服，但仍有一些研究人員，不知道自己也有資格透過轉換協議進行開放取用出版，或選擇不這樣做。這通常是由於誤解或認識錯誤，在轉換協定的複雜性方面尤其如此。在此，我總結了其中的四個方面：

迷思：通過轉換協議出版開放取用文章更加困難

事實恰恰相反。轉換協議為研究人員消除了兩個最大的難題：開放取用的前期成本，和繳納費用的行政工作。轉換協定提供了集中化的工作流程，費用事宜由圖書館進行管理。轉換協議還使作者能夠在混合型期刊 (在大多數領域，大部分研究仍由這一類期刊出版) 發表文章，同時遵守資助機構的開放取用政策。這意味著許多研究人員可以在自己選擇的期刊中發表文章，而非選擇全面開放取用型期刊。

迷思：對作者而言，發表開放取用文章更加昂貴

在當前的開放取用出版模式下，研究人員通常得到其所屬機構或研究資助機構的財務支援，可以使其研究成果供免費閱讀，但他們需要透過支付文章出版費用 (APCs) 來承擔出版費。

轉換協議將訂閱費用和 APCs 結合在一起，使機構可以獲得折扣，與傳統開放取用路線相比，大大降低了開放取用出版的成本。

IOPP 還推出 APCs 減免政策，以支持那些來自可能無法支付費用的大學或地區的作者。

IOP Publishing

Library checklist – things you can do now to promote your agreement

- ✓ Download your library toolkit
- ✓ Post about your agreement on social media
- ✓ Update your library pages
- ✓ Pin/share our author guide
- ✓ Provide us with your contact details we can let you know about author opt outs.
